STOCK MARKET **AWAITS EVENTS**

Approach of Political Convention Period Exerts Deterrent Influence on Activity.

STEEL MEN IN CONFERENCE

Public Offering of New Union Pacific Bonds Will Be Made To-Day.

NEW YORK, June 9.—There is not much detail to record of to-day's stock market. Toward the close it fell into virtual stagnation. The approach of the convention period for the great political parties is a deterrent influence on activity owing to the proverbial repressive effect of that season on business, as well as on speculation. The conferences in progress among steel men as to the proposed cut in price weighed on the market owing to the uncertainty over the extent of the reduction, and its influence in reviving demand for the product. Tomorrow's public offering of the new Union Pacific bonds is another event hat was awaited. The fixing of the ssue price at 95 1-2 and the quoting if a premium for the bonds when is used both in New York and London and for confidence in the success of he issue. The question of what may the the course of the price of Union acific after the subscriptions to the conds are closed was a matter of intest to the professional market operation more than the fate of the bond isserbution itself. terest to the professional market operator more than the fate of the bond subscription itself.

Bonds were irregular: total sales, par value, \$2,227,000. United States honds were unchanged on call. The total sales of stocks to-day amounted to the sales of sales of

les of stocks to-day amounted 10 shares.
